VOL. 47 — No. 18

AIDED BY OUTSIDERS, PRISONERS MAKE GOOD ESCAPE FROM CO. JAIL

Roland Johnston 22, of Bay St. Louis, Recently Convicted Of Assault and Battery, Breaks Prison During Morning Hours Wednesday.

To be charged with "accessory to jail breaking," Byron Luc and Julian Puecheu, both of Bay St. Louis, were arrested at their home Thursday morning of this week in connection with the escape from Hancock county jail of Roland Johnston, 22-yar-old Bay St. Louis fugitive.

It is assmued from information given the prisoners who would not escape, that five men constituted the group of men who assisted Johnston in breaking jail.

At the Sheriff's office it was told The Echo it was known who are the others, now at large, and that their arrests would soon follow. Local officers have been quite active in the premises and no effort is spared to apprehend Johnston and the alleged conspirators.

Officers of two states are active in the search.

Johnston Breaks Jail

Roland Johnston was recently convicted on an assault and battery charge on the person of Miss Betty Childress, 16-year-old student, residing at 3033 Louisiana Parkway, New Orleans, while visiting here Easter week-end, and to which Johnston plead guilty. He was tried in J. P. Court before Justice L. B. Capdepon, who gave him a 6-month jail sentence and a fine of $250.00. Miss Childress was accompanied at the time of the assault and battery by her escort, Al Pierce, 18, of New Orleans.

Johnston made good his escape from the county jail at an early hour Wednesday morning, by wrecking the inner lock of the outer jail door with a maul handed him thru the bars by outsiders, suspected to be five men in number, and made good his escape in a car that was waiting, accompanied by the men.

It appears the men appeared on the scene about 11 o'clock and broke the lock of the outer metal fencing, facing the east. Entering the grounds immediately adjacent to the jail they handed Johnston tools and a heavy maul.

Evidences in the jail, east wall, shows where an unsuccessful but determined effort had been made to break the brick work and to set loose the footing of the inner iron grating. This failing to work, Johnston apparently walked over to the main entrance door, facing west, and broke the lock from within. Thus opening the door with ease and making good his escape.

Some eight prisoners, all colored, were incarcerated in the jail at the time. They were offered their release but were unwilling to leave and gave the alarm. Sheriff Claud Monti and force immediately became busy and notified all officers of two states to head off the car.

Jail New and Modern Structure.

The jail is brand new and cost $40,000, a WPA project, and is pracically impregnable unless outside assistance and equipment is available.

At the Sheriff's office Thursday (before giong to press) The Echo was informed all men are well known and in time it is expected they will be apprehended and placed behind the bars of the jail which they made possible for a jail break.

Nights of Columbus Members Enjoy Spaghetti Supper.

Some fifty-odd members of Pere Le Duc Council, No. 1522, K. of C., enjoyed a spaghetti supper Monday evening, complimentary, in the basement of K. C. Hall, Main street, at which Deputy Grand Knight A. C. Favre, presided.

The feast preceded the regular monthly meting and was served in that true style as every real eater of spaghetti is fond—in abundance and deliciously cooked, served with plenty of gravy and Italian cheese. Mrs. Carmelite Saucier was 'chef' of the evening and well proved herself an adept of the culinary art.

Following the feast the party repaired to the council chamber where routine deliberations for the monthly meeting occurred.

"A GUIDE TO THE MAGNOLIA STATE" SOON OFF PRESS

May 9th Date of Release—Treats of Bay St. Louis Beginning in 1699 With Bienville's Exploration.

Bay St. Louis, past and present, receives treatment in the volume, "Mississippi, a guide to the Magnolia State," to be released May 9th, by Viking Press, N. Y.

Story of the city, beginning in 1699 with Bienville's exploration, traces history and reflects the culture of Bay St. Louis and Hancock county. The write-up appears on Tour 1, of the 17 main tours and seven side tours of the book.

Thi 530-page book, which has 74 illustrations and 17 maps, was written by the Federal Writers' project of W. P. A., Eric Douglas, State Director, and Gene Holcomb, Editor. It is being sponsored by the Mississippi Advertising Commission.

In 1720 the French transferred a great tract of land, including Bay St. Louis, to the hands of John Law for development. Because of its complete failure the project is known as the "Mississippi Bubble." According to "Mississippi" Bay St. Louis as early as 1814 gained position as a summer retreat.

Tour 1, which follows U. S. 90 across the State, says the city was incorporated in 1854 and a railroad built in 1869. Progress since 1905 is recounted.

The story, intended to acquaint the out-of-state visitor with the lore and charm of city and county, then indicates points of interest. The following are included: Church of Our Lady of the Gulf, St. Stanislaus College, St. Joseph's Academy, Shrine of Our Lady of the Woods, and St. Augustine Seminary. These points are colorfully described as well as explained historically.

Tour 1, after crossing Harrison county, recounts the Battle of Pass Christian (1814), and after passing throuih Bay St. Louis, continues to the following places in Hancock county: Waveland, Pirate's House, Gulfside, Lakeshore, Bayou Cadet, Col. J. F. H. Claiborne's Plantation Home, Nettie Koch Home, Logtown, Bougahouma Bayou and Pearlington.

Tour 8, following U. S. 11, touches Santa Rosa and, before ending at the Louisiana Line, says Honey Island Swamp is "a wildlife refuge and for many years the hide-out of pirate bands as powerful, is not so notorious as the La Fittes of Louisiana."

The essay section mentions both Bay St. Louis and Pearlington in "Transportation." The third section of the book contains 12 city descriptives.

"Mississippi: A Guide to the Magnolia State," according to the Mississippi Advertising Commission, makes an important contribution to the State's literature, not only as a means of interesting out-of-state visitors in both Mississippi's recreational and commercial developments, but also as an authoritative source of Mississippians to study their own State.

Field workers of the Federal Writers' Project, under supervision of Clara E. Stokes, Assistant Director of the Project, were: Mrs. J. W. Walsh, Eulalia Patterson, Madam Deere Carrara, Mrs. C. E. Wells, J. T. Cornel, Geo. E. Schilling, Clarence Kerns, Judge T. A. Wood, Mrs. H. D. SeSauss, and C. T. Rand contributed material.

Now in manuscript form, the second volume written by the Federal Writers' Project of Mississippi will be an interpretive, historical, and recreational guide to the Mississippi Gulf Coast. This book, under sponsorship of the Coast Women's Clubs, will be printed soon.

IN THE DAYS WHEN HANCOCK COUNTY WAS HARD TO TRAVEL

Visitors From Upper Section Had to Go Via New Orleans in Order to Reach Bay St. Louis

The following, from the Picayune Weekly Item, appeared in the editorial columns of that paper last week, following a visit by Editor Furr to Bay St. Louis.

It is reminiscent of other days and many of our older readers will peruse the article with live interest. The picture is perfect. We are of the opinion that Fred's House, lodging house on St. Charles street, at New Orleans, drew considerable of its business from the folks residing in that section formerly Hancock county when en route to the county seat.

Editor Furr heads his editorial "Travel Now and Then:"

Wednesday we fellowshipped with the Bay St. Louis Rotary Club in company with Senator Pittman, Messrs. B. C. Box and Ernest Mitchell. We called ourselves a committee to confer with a committee appointed by the Rotary Club at Bay St. Louis, on a road project between here and there. On our way down we traced the road sought to be improved and found it could stand a lot of attention from the State Highway Department for the counties of Hancock and Pearl River.

In going over old sections of the county familiar to us during our boyhood days and noting the ease and rapidity of travel as compared with those days, we recalled a trip we made to Bay St. Louis in 1906 or 1907. Then the line between the two counties was somewhere near McNeill; this part of the county belonging to Hancock. We were summoned to appear before the Grand Jury at Bay St. Louis. We were clerking in a general merchandise store at Caesar and were wanted before the inquisitorial body next day at 12 o'clock. We had to get busy. We rode a bicycle from Caesar to Carriere, to make a southbound train. We spent the night in New Orleans at a place we thought was the only hotel in the whole city (Fred's House, on St. Charles Street) and next morning caught an early train over the L. & N. R. R. for Bay St. Louis and reported to the court. Finally in the afternoon we were called. The foreman asked us to tell the jury what we knew about an old negro preacher at Caesar selling whiskey. We said, "Not a thing." "You are excused," said the foreman, whereupon we hurriedly made our way to the station to catch the first train for New Orleans where we spent another night at the famous hotel. Next morning we caught a train for Carriere, thence by bicycle back to Caesar. We were working for $30 per month and this trip cost us exactly half a month's salary and the loss of two days' work in the store. Now, with roads far from satisfactory, we could do the same trip in at least four hours at a cost of two or three dollars. This comparison gives a practical idea of how valuable a road really is when built to meet the requirements of modern methods of travel.

We related this incident to the fellows with us and one of them asked why we did not ride the bicycle directly to Bay St. Louis. We reminded him that most of the road leading there was along the old trail made by Andrew Jackson on his way to defend New Orleans, which looked more like a Canal than a road. It was always, except in extremely dry times, covered with water and therefore made bicycling impractical.

BOYS OF SCOUT TROOP NO. 217, SPEND SUNDAY AT FENTEN, OUTDOORS

Bay St. Louis Boys Motor to Favorite Retreat and Enjoy Day in Recreation.

Boy Scout Troop 27 embarked from the scout house Sunday morning with all the cares of school forgotten. The means of transportation was by the Red Star Fish Market truck through the courtesy of Mr. Colson. The troop arrived at Fenton at 9:45 A. M. The scouts were sent out to gather firewood and afterwards each patrol set about to build their own fires. The patrols started cooking their food at 11:30 so as to have it ready for twelve o'clock. After lunch four boys passed their second class scout pacing test.

The first game played was a "burning stunt," won by the Silver Fox patrol and second place being merited by the Bat patrol. In the meantime Mr. Mauffray caught a three and one quarter pound green trout on his casting rod. A picture of the troop was then taken on the beach and another on the bridge. A game of indoor ball was next enjoyed by the troop. The boys were then treated to "cokes." After the "cokes" had been consumed the troop then walked to the sawdust pile and played around for awhile. The boys left Fenton at 3:45 P. M. and on leaving a big "15" was given for Mr. Cuevas, owner of the place.

The boys had a good time and are looking forward to the next event. Those enjoying the hike were as follows: Scoutmaster Fred Fayard, Sr., assistant scoutmaster Alden Mauffray, assist. scoutmaster Fred Fayard, Jr.; Sr. patrol leader, Joe Colson; scribe Bob Guilbault and scouts H. Crancky, Cy Piazza, E. Piazza, J. Benvenutti, P. Benvenutti, D. Everett, D. Arceneaux, A. Luc, R. Murtagh, E. Prevou, C. Carrio, H. Carver, H. Favre, N. Johnson, J. Jones, S. Scafide, L. State Dental Convention Honors Dr. Jas. A. Evans.

At the annual convention of Mississippi State Dental Association, held at Meridian last week, Dr. F. J. Kilpatrick, of Clarksdale, was elected president and Dr. James A. Evans, of Bay St. Louis President-elect (first vice-president) an honor and recognition worthily bestowed.

Dr. Evans is widely and well known over Mississippi, both professionally and personally, and his election to be president next year, when the convention will be held at Gulfport, is fitting.

MISS DOT TUDURY PAID HIGH COMPLIMENT IN "BALLET"

Dr. Richard Cox and Mr. H. Cook of Gulf Park College visited Columbus, Miss., last Friday and witnessed the dance review of M. S. C. W. and was agreeably surprised to find their former pupil Miss Dot Tudury in the lead of one of the ballet numbers. Mr. Cook stated that even at the exposition, he had never seen anything like some of the numbers, and was more than happy to find Dorothy in the lead. Dot has just recently returned from a short tour to Natchez and Meridian with the dancing class.

BODY OF SAILOR FOUND

John T. Loar, Aged 21, Missing From U. S. S. Humphreys, Found On Beach Wednesday.

The body of John T. Loar, who resided with his parents at 2314 Annunciation street, New Orleans, missing since Sunday forenoon from the U. S. S. Humphreys, was found on the beach, under the seawall footing at a point between Lakeshore and Clermont Harbor Wednesday morning at 6:30 o'clock by the Misses Lafontaine who reside in that vicinity and were walking to Bay St. Louis.

George Heitzman, coroner for Beat 5, of Bay St. Louis was summoned and held an inquest, with a jury composed of Ramond Johnston, George Hose, Jos. Lafontaine, B. Little, A. R. Johnson, and Albert Bourgeois.

The remains were badly decomposed, the face eaten away by crabs, the coroner reported. After the inquest the Fahey Undertaking Company of Bay St. Louis took charge of the body and prepared it for burial—the best that could be done under the circumstances.

Federal officers at New Orleans were notified and three representatives came out to Bay St. Louis and had the remains shipped to New Orleans for interment. In addition to his parents Loar is survived by three sisters and two brothers.

He was a deckhand on the U. S. S. Humphreys, while it was in the intra-coastal waterways dredging, between Pearl River and R. R. bridge at the Rigolets. He was last seen on board at 11:30. His disappearance was a mystery until the body was found on the Mississippi beach.

RECENTLY ORDAINED PRIEST SAYS FIRST SOLEMN HIGH MASS

At St. Claire Church, Waveland, Last Sunday—The Rev. A. Van Breesum Serves as Chief Celebrant—Memorable Event.

St. Claire church, at Waveland, of which the Rev. M. J. Costello is pastor, was the scene of an impressive and beautiful ceremony when the Rev. A. Van Breesum celebrated the first solemn high mass, following his ordination in the Cathedral at Nashville, Tenn., on Sunday, April 14, 1938.

The altars were decorated with a profusion of Easter and calla lilies and myriads of tiny electric bulbs illuminated in outline the inner edges of the open work and panels of the altar.

Celebrant of the mass was the Rev. A. Van Breesum; high priest; the Rev. M. J. Costello, deacon; the Rev. H. Hammerstein, sub-deacon; the Rev. J. A. Weber, M. C., the Rev. E. Gubler, assistant M C., the Rev. M. Gubler.

Outstanding feature of this memorable occasion and beautiful celebration was the special choir, composed of Brothers of the Order of the Sacred Heart, St. Stanislaus College, Bay St. Louis. Bro. Romuald presided at the organ and was leader of the choir. Tenors: Bro. Anselm, Bro. Virgil, Bro. David, Bro. Edwin.

Altos: Bro. Bernadine, Bro. Gabriel, and Bro. Adalbert.

Basses: Bro. Alexis, Bro. Gonzaga.

These well qualified voices gave expresion to the Mass of Fra Juniper Serra.

At the offertory Mrs. Edouard C. Carrere sang one of the well known Ave Maria numbers and sang during the service of the Benediction of the Blessed Sacrament, with Mrs. V. E. Weber as organist and Miss Agnes Bourgeois accompanying alto. Mrs. Carrere's lovely voice was heard to advantage.

Immediately following the Mass the Rev. Father Van Breesum individually blessed each of the attendants of the mass at the chancel rail.

Services over Father Costello entertained the priests at a breakfast-luncheon at his home, the rectory, in Waveland.

Then at 2 p. m. Mr. and Mrs. W. G. Rankin, entertained at dinner in compliment to Father Van Breesum, 130 guests at his country home on the Old Spanish Trail, the Rankins, personal friends of the recently-ordained priest.

The Rev. A. Van Breesum was born in Holland, left there at the age of 14, and came directly to Notre Dame, graduated and also taught there for a number of years; taught for a short time in India. returned to Notre Dame and continued to teach there. Then began studying Moral and Dogma Theology and Cannon Law for the priesthood. Went through this course in St. Paul's Seminary in Minn., and was ordained in the Cathedral at Nashville on Sunday, April 24th, 1938.

Father Breesum has had extensive studies and experience and is a most zealous and ardent worker in the Master's vineyard. He will be located in Nashville where he will have a wide and varied scope for his future and chosen career.

It was significant and a fine tribute paid him and in honor of the occasion that so large an attendance filled the church at Waveland Sunday, and Father Costello was justly proud of the many who had assembled at his church to pay tribute.

Many friends from New Orleans came out especially for the occasion. Mr. and Mrs. Rankin are ideal hosts and their dinner, with champagne, was an event not to be forgotten. There were guests from New Orleans Waveland and Bay St. Louis.

MAY FESTIVAL A COLORFUL DISPLAY OF PAGEANTRY.

St. Joseph Academy Scene Of Annual May Coronation—Miss Yvonne Ryder Queen.

An outstanding social event of the Spring season at St. Joseph Academy, Bay St. Louis, was the annual coronation of the May Queen on Sunday, May 1st. This event is an old institution, but with each recurrent year it grows more appealing and spectacular.

By popular vote Miss Yvonne, lovely young daughter of Mr. and Mrs. H. Heavy of New Orleans, was elected queen, a role which she filled with all the required grace and becoming dignity.

He Majesty wore a beautiful white net dress, a gorgeous silver mantle, lined with red velvet, and carried a bouquet of lilies of the valley and gardenias. The maids, carrying arm bouquets, were attired in pastel shade dresses. Others forming the court added color and beauty to the pageant as the figures filed up the aisle of the flower bedecked throne.

In addition to the queen's court consisting of eighteen maids and dukes there was the same number of little flower girls and boy companions. These little girls, clothed in old-fashioned dresses of pastel shades and carrying appropriate bouquets, and their escorts attired in white suits completed the regal retinue.

The full personale of the Court was as follows:

WHERE PEOPLE DO NOT RETARD PROGRESS.

WITH its recreational pier finished and, a long sloping beach, pumped in from the depths of the water of the sound; with a view of not only an added major improvement but to protect the seawall show line, Gulfport should reap a "million-dollar" harvest or more this summer from tourists, visitors and others who come to the Coast.

It is a marked improvement of outstanding character and stamps the people of that section of the Coast not only go-getters but people who have vision and generate ideas and put them into execution.

Gulfport is fast making a come-back and this success is achieved not merely by trusting to the elements of luck, if such exist, or waiting for 'something to happen,' but by force of initiative and negotiating for improvements.

Gulfport is deserving of much credit for its pluck, the enterprise of its citizens and determination to build and to forge forward.

AT 85 GIVES PARTY FOR OWN BIRTHDAY.

FROM Larned, Kansas, we learn "Comrade" R. R. Smith celebrated his 85th birthday, saying that "if you want a thing done right, do it yourself." That is why he is giving his own party.

Prior to the occasion he distributed handbills assurng all that the party would be "stupendous, colossal, bewildering" and would last from 7 p. m. to 4 a. m.

There were a few simple rules:

Friends and Democrats will be admitted free, but Republicans must pay $2, enemies $1 and neutrals 30 cents.

That is fine spirt and splendid slant on life for any one at the age of 85 years to give a birthday party, even though on his own, and aside from the humorous part of the above story. This is a fine story about gloom chasing.

SHIRLEY TEMPLE'S FILM CAUSES ACTION.

A $5000,000 damage suit, charging that Shirley Temple's picture, "Rebecca of Sunnybrook Farm" had libeled a candy bar, was filed in Supreme Court at Philadelphia by the National Confectioners Association, which claims a memebership of 325 candy merchants.

The association alleged that a scene from the picture presents a false impression of their product. The group also seeks to restrain the defendant, Twentieth-Century-Fox Corporation, from showing the picture without deletion of the scenes.

NUMBER OF UNEMPLOYED.

THE special committee on unemployment and relief of the United States Senate estimates the number of unemployed persons in the country at the present time at 12.870,000. This figure approximates the number of unemployed during the dark days of 1932. The committee believes that approximately 2,000,000 people have lost their jobs since last Novmber. It is also estimated that approximately 14 per cent of the people in America are now beneficiaries of public aid either from the Federal, state or local governments.

PAT HARRISON'S SOUND LOGIC.

SENATOR Pat Harrison should be president. His work in the Senate, his policies and sound phlosophy are 100 per cent to the good. Here is a sound argument of Pat's:

"The basic need today is to foster the full application of the driving force of private capital. We want to see capital go into the prductive channels of private industry. We want to see private business expand. We believe that much of the remaining unemployment will disappear as private capital funds are increasingly employed in productive enterprise."

COST OF LIVING REDUCED.

THE Department of Agriculture estimates that it costs about $1 per week less to feed the average American family of five today than it did 10 months ago. Food prices generally have declined about 10 per cent since last September and there is every reason to believe that they will remain low for the balance of 1938.

WAGES AND HOUR BILL SHELVED.

THE action of the House rules committee in shelving the Norton Wages and Hours bill makes it doubtful that the measure will be enacted at this session of Congress. It is now necessary to have a petition signed by 218 members of the House calling for a discharge of the rules committee in order to bring the bill to a discussion on the floor of the House.

Henry Ford's visit to the White House and the announcement by Governor Philip F. La Follette of Wisconsin of the formation of a 3rd party provided plenty of dinner table conversation in the nation's capitol last week.

WILL GIVE HANCOCK PUBLICITY.

INTELLIGENCE from Gulfport is to the effect that James Andrew Wheat, the original "Andy Gump" of comic strip caricature fame, had his name changed by Chancery Court at Gulfport.

Mr. Wheat, native of Hancock County and a brother of John Wheat, member of Hancock County Board of Supervisors, were before Chancellor D. M. Russell with a petition to change his name to Andy Gump, and the petition was sustained. So Mr. Wheat, the chinless man who furnished the inspiration to Sidney Smith for his first "Andy Gump" cartoons, is now officially and legally Mr. Andrew Gump.

Mr. Gump, who left an autographed photograph with Chancellor Russell, returned to Bay St. Louis, where he will leave next week for California, where he is said to be under contract.

That Mr. Wheat resembled Andy Gump and was the original character of the cartoon series by Sidney Smith, was not known until last summer Life magazine published an article to that effect.

The writer was in California at the time and after being introduced to a group of people one of the party said, "You are from Bay St. Louis where the original Andy Gump lives."

And so fame travels. Mr. Wheat in pictures as Andy Gump from Hancock county or Bay St. Louis might possibly bring this section into national limelight and fame. We wish Mr. Wheat as the new Andrew Gump fame and success in his undertaking in Hollywood.

LOOK TO THE CHURCH.

ONE thing that is terribly wrong with us today is the fact that we are not looking for spiritual sustenance. So beset are we by problems of local, state and national government that we are turning our faces from the source of infinite power. We are not looking for God, says the Summit Sun.

Last week the Vicksburg Evening Post carried this little tribute to the house of God which was written by J. J. White and published in the Memorial Presbyterian Church bulletin:

I am the best friend you ever had. I am hung about with sweet memories—memories of brides, memories of mothers, memories of boys and girls, memories of the aged as they grope their way down the shadows.

I am decked with loving tears—crowned by happy hands and hearts. In the midst of the great men of earth, I find a constant dwelling place. I safeguard man through all his paths. I lift up the fallen. I strengthen the weak. I help the distressed. I show mercy, bestow kindness and offer a friendly hand.

I am good fellowship, friendliness and love. Sometime, some day, some hour in the near future, you will yearn for the friendly touch. I am your comfort, and your best friend. I am calling you now.

I am the Church.

SIXTH ANNIVERSARY OF SALES TAX.

MONDAY, May 2, marked the sixth anniversary of the Mississippi sale tax and the sixth year of service of Alfred H. Stone as chairman of the commission.

In looking back of the six-year period Chairman Stone prided the accmplishments of his department at Jackson in successfully administering the first sales tax law enacted by a State.

"Some twenty-five states," said Mr. Stone, "have followed Mississippi's lead and now depend on sale staxes for an important part of their revenues."

Mr. Stone said the tax commission had collected $46,262,874 during the past six years. Of this ,12.2 per cent from income taxes and 19 per cent from tobacco taxes.

Regardless of what may be said of the sales tax, it is admittedly a success. All sides will agree. It makes it possible for all to bear an equal amount of the burden which any good citizen is willing to pay his share of government administration.

It is the poor citizen who enjoys all the advantages of government, protection and otherwise, and then chronically bellyaches about taxes.

THINGS TO BE AGAINST.

FRED SULLENS offers suggestions for candidates' platforms for next year.

One must be "agin" this or that—that seems to be the popular trend, regardless if it makes sense or not.

Here is Major, Sullens' laest:

Candidates for state offices are busy framing the platforms on which they will be running next year.

They are trying to determine what they will be for and against.

All right, boys. Get ready early, and have your speeches carefully rehearsed.

A word of kindly admonition here and now. Mississippi's Greatest Newspaper will not support any candidate who is not strongly, flatly and unequivocally opposed to mosquitoes, redbugs adn poison ivy.

Be for what you want to but you must be against these things.

SUES DAUGHTER FOR NON-SUPPORT.

TIME was when Maurice Costello made the the hearts of matinee audiences go pitty-pat.

Today, the former stage favorite complains, he is broke, ill and out of a job.

In a suit on file in Supreme Court, he called upon his daughter, Dolores Costello, divorced wife of John Barrymore, to contribute $200 a month for his support.

Miss Costello, whom the elderly actor described as in extremely good condition financially, was quick to deny that she had shirked a filial obligation.

WHAT THE PRESS IS SAYING OF MEN AND MATTERS IN EDITORIAL EXPRESSION

PAT FOR PRESIDENT

(Jackson News)

THE press of the nation seems to be fully agreed that Senator Pat Harrison is the real leader of the Senate despite the fact that a Senator from Kentucky holds the title. Many editors are mentioning him as the Presidential possibility in 1940.

Pat should know that his home folks are mighty proud of the way he has been handling himself on the subject of taxation. A typical utterance from the West Point Times-Leader as follows:

"There is no denying the fact that Pat Harrison is right now the most important figure in Congress. As chairman of the Senate finance committee, he has made it known that punitive taxes against business and industry must be either modified or repealed. In taking this stand, he has incurred the animosity of the White House, and of the leaders of the Democratic party as it is now constituted.

But this doesn't worry Pat Harrison, who knows that he is right, and that right will ultimately prevail in this country.

"It would not be at all surprising to see the conservative Democrats of the nation rally around the big Mississippian for President."

So go right ahead, Pat, and fill your appointed destiny.

ANYBODY who can't find happiness in his own back yard among his own people and in his own household can never find it in Tumbuctoo, argues William B. Seabrook, author, adventurer and explorer, who has traveled in the most remote regions of the earth and came back home to tell the folk about it.

What does Emerson say about the sad self, identical, unrelenting we fled from? You pack your grip and go to Naples or to Rome only to awaken to find the same sad self beside you.

You can't get away from the fact that you must first seek the Kingdom of God and then all else will be added unto you. It isn't in lands and houses and riches where happiness lies, though it does seem at times that we need just a little bit of this world's goods to be happy. But there seems to be a law that we must cultivate the happiness of the soul; we must be able to be mirthful and joyful, with just the powers of life as means of happiness, before "other things" shall be added.

Man is no richer than his own consciousness, after all.

Home folks are with you, well-knowing that you're as good as the best on Capitol Hill and a darned sight better than most.

The Board took up the matter of protecting the sea wall and road protection structure of the County, as authorized by Senate Bill 543 of the Legislature of the State of Mississippi, approved March 18th, 1938, and, following a discussion of the matter, Supervisor T .E. Kellar offered and moved the adoption of the following resolution:

A resolution declaring the intention of the Board of Supervisors of Hancock County, Mississippi, to issue road protection bonds of the County in an amount not exceeding Seventy Five Thousand Dollars ($75,000.00), for the purpose of protecting the Sea Wall and Road Protection structure of the county by extending, constructing and repairing said sea wall and road protection structure by means of pumping a sand beach adjacent thereto, including the purchase of a dredge boat to be used and operated for that purpose.

Whereas, Hancock County is a county in the State of Mississippi bordering upon the Gulf of Mexico, and the Bay of St. Louis, operating under Chapter 165 of the Mississippi Code of 1930; and

Whereas, said County, proceeding under the authority of said Chapter 165, has heretofore constructed a sea wall and road protection structure along and upon the beach or shore of the Gulf of Mexico and the Bay of St. Louis, being bodies of tide water bordering upon said County; and

Whereas, in the judgment of the Board of Supervisors of said County, it has now become necessary to protect the said sea wall and road protection structure by extending, constructing and repairing the same by means of pumping a sand beach adjacent thereto, and to purchase a dredge boat to be used and operated for that purpose; and

Whereas, the said Board of Supervisors has made due investigation and has been advised and does now find and determine that the cost of said improvements, including the said dredge boat, will be in an amount not exceeding Seventy-Five Thousand Dollars ($75,000.00), and that no funds are now available in the County Treasury for that purpose; and

Whereas, under and by virtue of an Act of the Legislature of the State of Mississippi, designated Senate Bill No. 543, approved March 18th, 1938, the said County is authorized and empowered to borrow funds, not exceeding Three Hundred and Fifty Thousand Dollars ($350,000), for the aforesaid purposes, in addition to any funds heretofore borrowed for road protection purposes by said County, and is authorized to evidence such loan by the issuance of County bonds, notes or certificates of indebtedness of said County, which said loan shall not be subject to other limitations, restrictions or provisions of the General Laws of Mississippi governing the borrowing of money, amounts of indebtedness, County budget or elections; provided, that before borrowing money under said Act, the Board of Supervisors shall spread upon its minutes an order reciting its intention so to do, a copy of which order shall be published in two weekly issues of some newspaper having a general circulation in said County; and

Whereas, said Board of Supervisors does now find and determine that no funds have heretofore been borrowed under the aforesaid Act and that it is now necessary to borrow the sum of not exceeding Seventy-Five Thousand Dollars ($75,000.00) for the aforesaid purposes, which sum does not exceed the amount which the County is authorized to borrow for the said purposes under said Act:

Now, therefore, be it resolved and ordered by the Board of Supervisors of Hancock County, Mississippi, as follows:

Section 1. That the Board of Supervisors of Hancock County, Mississippi, does hereby declare its intention, under the authority of an Act of the Legislature of the State of Mississippi, designated Senate Bill No. 543, approved March 18th, 1938, to issue the Road Protection Bonds of said County in an amount not exceeding the sum of Seventy-Five Thousand Dollars $(75,000.00), for the purpose of protecting the sea wall and road protection structure of said County by extending, constructing and repairing the same by means of pumping a sand beach adjacent thereto, and to purchase a dredge boat to be used and operated for that purpose.

Section 2. That this resolution and order shall forthwith be spread upon the minutes of said Board and a true copy thereof shall immediately thereafter be published in two consecutive weekly issues of The Sea Coast Echo, a weekly newspaper published and having a general circulation in Hancock County, Mississippi, which said newspaper has been so published for a period of more than one year prior to this date, and the Clerk of this Board shall be and he is hereby authorized and directed to cause such publication to be made as herein provided.

Section 3. That if, within fifteen (15) days after the first publication of this resolution and order, twenty-five per cent of the qualified electors of Hancock County petition the Board of Supervisors of said County for an election to determine whether or not the adoption of this resolution and order should be annulled, then and in that event such election shall be ordered by the said Board of Supervisors, and if, at such election, a majority of those voting vote in favor of the adoption of this resolution and order, then the same shall be valid and effective; but if a majority shall vote against this resolution and order, it shall be annulled and shall be ineffective and no further effort shall be made to borrow funds for the aforesaid purposes for a period of six months from the date of such election. Provided, that if no such petition be presented within fifteen (15) days after the first publication of this resolution and order, then this resolution and order shall be valid and effective, and the said Board of Supurvisors shall thereafter proceed promptly to order and direct the issuance and sale of said bonds for the purposes herein authorized, without submitting the question of the issuance thereof at an election to be held for that purpose.

Section 4. That this resolution and order shall be published the first time on April 15, 1938.

AN INCIDENT OF ATTENTION AND COURTESY.

Sunday two ladies and a young girl were driving on the highway when next to nowhere they had a blowout. In a few moments a car pulled up with an Indiana license. Four pleasant young men piled out and in a little while the tire was fixed. They were on their way from South Bend to Baton Rouge and had driven long and hard so to rest up a little for work Monday morning. Their kindness is worthy of mention.

Over 156,000 pictures of Clark Gable have been mailed to fans who have asked for them. The postage alone cost over $1,500.

We're Home-bodies, too, NEIGHBOR

Sitting home at night, you've probably heard the neighborly whistle of our locomotives.

Next time you hear that sound, we hope it will be a reminder that we are home-folks, too ... sharing in community responsibilities ... making a definite contribution to the comfort and security you enjoy when you step inside your own front door.

From wherever they are produced, we help bring your home-building materials to you ... lumber, stone, cement, brick, steel. Chances are, we brought many of the things you use *inside* your home as well ... furniture, fixtures, heating equipment, even your foodstuffs. Last year we hauled around six million tons of material largely used in construction and home furnishing.

Thus we have been a helpful partner in developing the communities we serve ... carrying nearly fifty million tons of freight last year at an average cost of less than a cent per ton for each mile hauled. That's why we're home-folks, too ... why we hope to deserve your continued friendship and patronage.

Hear the actual sound of The Pan-American. Tune in WSM 650 kilocycles, 5:08 P. M. every weekday.

"YOU'RE A SWEETHEART" AT A. & G. THEATER, SUN-MON.

Alice Faye and George Murphy, A New Sensational Dance Team, Featured.

Alice Faye, more glamorous and beautiful than ever before, singing the hit songs of the year, and for the first time on the screen dancing the art which brought her to the screen in the beginning.

George Murphy in the hilarious role of a waiter who becomes a millionaire for a week, wins the love of a Broadway star and figures in the headline romance of the century! He dances as he never danced before.

These two favorites of the screen, together with an all star cast of the world's most brilliant entertainers were swirled together in a lavish cocktail of melody, laughter and grandeur to produce Universal's smashing musical triumph "You're a Sweetheart," which starts at the A. and G. Theater Sunday, continuing Monday.

Costing more than a million dollars, the B. G. "Buddy" DeSylva production reveals Ken Murray and Oswald at their funniest, together with Frank Jenks and Francis Hunt, two new comedy discoveries of the year. Leading a dancing chorus of more than a hundred beautiful girls is Edna Sedgwick, famous ballerina of two continents. Andy Devine is seen as the comical body-guard who wants to get back into prison so he can play on the football team. These and a dozen other elements make "You're A Sweetheart" a top-notch musical that stands in a class by itself.

Seen in a dancing role for the first time on the screen, Alice Faye and George Murphy form a new team of dancing stars, backed by a chorus of pretty girls, that will literally take one's breath away as they spin, whirl and glide to the newest song creations of Jimmy McHugh and Harold Adamson.

Hollywood critics, acclaiming the picture at its premiere, wrote glowing compliments for the dazzling dialogue and comedy scenes.

Capitalizing on the talents of Alice Faye, George Murphy, Frank Jenks, William Gargan and other capable members of the cast, the writers filled the story with laugh provoking situations, and surprise plot twists that gave it the momentum and Tempo of an express train in high gear.

Those who have seen the lavish production declare that there is more solid entertainment, more laughs, more spectacular dance routines and beautiful song numbers woven into the picture than in any other musical that was ever shot.

SWEETHEART OF AMERICA RETURNED TO GULF THEATER

Screen—Shirley Temple in "Wee Willie Winkle," Returned by Popular Demand — For Sunday-Monday.

From out of the depths of mysterious India, a land of intrigue, adventure and the unknown, comes the sweetest story ever told. Rudyard Kipling had the foresight to see such a story and wrote his master piece in the form of "Wee Willie Winkle," which has been brought back to the Gulf Theater by the popular demand of its patrons, and which stars "America's Sweetheart of the screen, Shirley Temple," marvelously supported by Victor MacLaglan, C. Aubrey Smith, June Lang, Michael Whalen and Cesar Romero.

Shirley Temple is always a captivating little actress, and in Rudyard Kipling's immortal story of the Bengal Lancers, interwoven with comedy and romance, she has achieved her ideal role. Though she but passed nine years last week, her fame has spread like wirefire thoughout the country ,and is apt to continue.

A strictly disciplined British cantonment guarding India's renouned Khyber Pass, would hardly seem the place for a lonely widow with a young daughter, but with June Lang as the woman and Shirley Temple as a little ray of sunshine, it puts things in a different light.

Shirley will win your heart as she does all those at the outpost, where rigidly surpressed natives might at any time erupt in cruel fury. Casting her spell over hard-boiled Sergeant MacDuff who is admirably played by Victor MacLaglen, he dubs her Wee Willie Winkle, a name that seems to suit her fancy and sticks with her until the last. Although she has a bit of trouble in winning over her grandfather, Colonel Williams, portrayed by C. Aubrey Smith, a hard-headed soldier, she slowly but surely breaks down his shell and enters his heart.

And then at last the uprising comes. Savages rush the ramparts a nd storm the baracades of the fort. Though in innocence, Wee Winkle releases the chieftain, Kohda Khan," and gets him out of the fort. However, she does her bit for peace and in the end is the main factor toward the final seal and bond of friendship between the two forces.

A grand show, splendidly directed by John Ford, and released by 20th Century-Fox, "Wee Willie Winkle" is a story that will live forever in your hearts, and a story to make your love everlasting for Shirley. This is offered to you Sunday and Monday of this week.

PLAY BY BAY HIGH SENIORS

To Be Presented Friday 13 —Classic to Be Given in Full Costumes.

"She Stoops to Conquer," Bay High Senior Class play which will be presented May 13, is one of the landmarks of English comedy.

First produced in Convent Garden, London, on March 15, 1773, the comedy began its triumphant progress not only through England's theatrical history, but its literary history as well. For nearly a century "She Stoops to Conquer," has been considered the perfect example of the sentimental comedy. The abounding good humor and high spirits of the play are as fresh today as they were on that gala first night in 1773.

The Seniors, under the direction of Miss Givens, have been working several months on the play. Every effort is being made to preserve the 18th century with very little atmosphere. The original text is being followed closely with very little censoring. The delightful but slightly confusing asides and soliloquies so popular during that period are used throughout.

Eaves Costume Company of New York, the largest manufacturing and renting costumes in America, will furnish the authentic apparel.

Reserved seat tickets for the performance went on sale Monday. Those interested in securing reserved seats should call Herman Baxter at 57. Other tickets will be on sale Monday, May 9.

Personal and General

LOVELY WEDDING AT ST. CLAIRE CHURCH. IN WAVELAND.

A very pretty wedding recently was that of Miss Adelaide Burg, daughter of Mr. and Mrs. John J. Burg, of New Orleans and Waveland, Miss., and Mr. W. Robert Lowry, son of the late Mr. William L. Lowry and Mrs. Thomas N. Cooke, of New Orleans.

The ceremony took place at St. Claire's church, Waveland, with Rev. M. J. Costello, officiating. The church was beautifully decorated with a profusion of Easter lilies and fern.

The bride, given in marriage by her Father, wore a gown of starched lace over taffeta, which was made form-fitting. Her tight sleeves formed points over her hands. The train of lace fell from the shoulders. Her very long veil of illusion was caught to the head with clusters of orange blossoms. She carried an old-fashioned bouquet of lilies of the valley.

Her attendants were, Mrs. C. K. Herlihy as matron of honor; Miss Hazel Herlihy, maid of honor, Miss Joan Elise Guibet, neice of the bridegroom, and Miss Janice Fourroux, neice of the gride as junior bride's maids. They wore peach marquisette over peach taffeta, made with very full skirts, heart shaped neckline and short puffed sleeves. The ribbon belts were dove blue. They wore tulle veils caught with a cluster of dove blue flowers. The old-fashioned bouquets were of Johanna Hill roses and Brides roses dyed dove blue.

Little Adrianne Ruckert, dressed in white marquisette carried the rings on a silk pillow from which fell sprays of brides roses.

The groom's attendants were Mr. Clifford P. Guibet as best man, Mr John J. Caswell, as groomsman. The ushers were Mr. W. Marshall Brewer Mr. Edwin J. Burg, Mr. Thomas P. Cooke and Mr. William W. Hoffstetter, Jr, all of New Orleans.

The groom wore a white linen suit, white tie and his boutonnaire was lilies of the valley. His attendants wore white linen suits, dove blue ties, and their boutonnaires were carnations.

During the signing of the register Mrs. E. C. Carrere sang, very beautifuly, "O Promise Me."

A reception was held immediately following the ceremony at the home of the bride, which was decorated with Easter lilies and fern. Mrs. Burg wore beige crepe trimmed with lace and beige accessories. She wore a corsage of gladiolas.

Mrs. T. N. Cooke, mother of the groom, wore navy blue tripple sheer with navy blue accessories. She also, wore a corsage of gladiolas.

Mr. and Mrs. Lowry left for a few days' stay in Florida and are now at home to their many friends at 178 Sobral Blvd., Waveland.

—Mr. and Mrs. Theo Tudury have leased the dwelling at 114 Carroll avenue, formerly occupied and leased for the past six years by L. M. Gex family and will move therein on Thursday of next week. Harry L. Witter, well-known local painter and decorator, is "doing over" the entire interior in delicate pastel shades. Mr. Gex recently moved into the Lorch villa which he purchased.

—Mr. and Mrs. Placide V. Saucier of Baton Rouge, La., motored out from New Orleans Monday and spent a while visiting relatives and friends of other days, house guests of Mr. Saucier's brother-in-law and sister, Mr. and Mrs. Chas. J. Mitchell. Placide is connected with the revenue department of the State of Louisiana, holds a fine position and looks well and prosperous, commensurate with the important and lucrative position he holds. Home and friends were glad to welcome him back after an absence of several years.

A son was born to Mr. and Mrs. Albert Hitt (residing in Carroll avenue), at the King's Daughters' Hospital, Gulfport, Monday morning at 3:30 o'clock, the new arrival weighing 7½ pounds and reported both a fine and handsome little fellow—mother and child doing exceptionally well. Mr. Hitt is an attachee of the local division L. & N. R. R., Mrs. Hitt was the former Miss Fay Smith, daughter of Mr. and Mrs. Thomas G. Smith, all well-known and prominent residents. The occasion is one for happy felicitations.

GARDENS ROUND ABOUT.

Wearing an air of old world charm, the two very delightful, small, adjoining patio gardens of Mr. and Mrs. J. T. Roland, and Mrs. Landry, are found tucked away from casual gaze, in State street.

Hedged in by a fence covered with trailing rosa montana, the patio is almost entirely covered by a brick wall at Mrs. Landry's. A camphor and pecan tree shade the front part of the garden.

On either side of the walk are clumps of aspediti, asparagus fern, boxwood, lilies, zinnias and larkspur within the rock bordered beds.

At the rear, a quiet pool reflects the branches of a gnarled old fig tree, in the waters.

Two tall Spanish daggers stand guard at either side.

The same wide brick walk is found in the Roland garden, beneath the two large live oaks whose trunks are covered with trailing ivy and wisteria, exquisite when in bloom.

Beds on either side contain ferns, lilies, a tall pepper plant, and a pink perfection cammelia.

Against the house, handsome hydrangea bushes are in full bud. Banked at the entrance way are many potted geraniums.

Of picturesque shape, a plum tree shades the doorway beside a young pecan.

Pots of crab cactus and ferns adorn the porch rail.

A stone jar holds an unusual bird of paradise plant.

An iron bench furnishes a place to rest. Further charm is added to this quaint garden by the old well.

How is your mail box? Does it cant to one side or stand erect, worthy of its calling? A good firm post with a few flowers beneath, will add to the appearance of any mail box.

The two graceful fountains on the city hall grounds have been cleaned and painted for spring. The giant oaks at one side make a perfect setting for the fine new tennis court.

It's catching—this garden fever. Mr. Harry Glover has recently become a garden enthusiast. Each week end he may be found eagerly engaged in making beds and borders for his flowers. Already, his garden has taken on that cared for look.
